CLAIBORNE PARISH

SUPPORTING OUR RESIDENTS

Claiborne Parish Schools is a school district that is quickly moving forward. Our district is proud of the technology and curriculum opportunities that we are able to offer our students. With Promethean boards in every classroom and readily accessible student laptops, our teachers have what they need to be successful in the classroom.

We are a small district, and with that comes many advantages. One of those advantages is the residency scholarship that we offer our year-long residents, thus making your total residency stipend \$3000! Another advantage of being in a small district is the amount of support that we are able to offer. Not only will you have the support of your mentor and principal, but our instructional coaches are always just a call or text away and will be there to support you through your residency and hopefully, future employment in our district.
